Modern Design Meets Classic Styling **Regency introduces the new Liberty™ and Horizon™ Direct Vent Fireplace**

Delta, B.C., (For immediate release) – The new Regency Horizon™ HZ965E and Regency Liberty™ L965E are the latest additions to Regency's line-up of Direct Vent Gas Fireplaces. Inspired by today's clean lines and seamless design, the Regency L965E and HZ965E combine a modern louverless style with classic fireplace design. Boasting an impressive 965 square inch viewing area and tall fireplace opening, this fireplace makes a grand statement that puts the focus on the fire; A perfect fit for open concept living and large spaces.

In addition, the Regency 965E series is one of the most efficient gas fireplaces on the market today. This series features an advanced range of heat output and control options, including a Split Flow Burner system that results in a firebox filled with a stunning flame display. With the push of a button you can lower the heat output while still keeping the flame in the front of the fireplace for maximum effect and ambience. Reduce the heat from 48,000 BTUs to 16,000 BTUs for an impressive 68% heat turn down value. Both units come standard with a Proflame Series remote which includes 6-stage flame control and a smart thermostat function that adjusts the flame according to the desired room temperature.

Available in two distinct burner styles in classic or contemporary and a multitude of options, homeowners can choose the look that suits the style of their home:

The Regency Horizon™ HZ965E – Features impressive flames that sit on a contemporary linear fire bed of crystals. Reflective inner panels further accentuate a ribbon of dancing flames. Optional decorative accessories are available to customize the look.

The Regency Liberty™ L965E – Combines the elegance of a larger traditional masonry fireplace with a modern clean face style. The high definition fire package (HDF) features a ceramic log set molded from real wood. Bold flames and ember bed details add to the authenticity of the real wood fire feel.

Regency Horizon™ HZ965E

Regency Liberty™ L965E

The Liberty™ L965E and Horizon™ HZ965E are available now at authorized Regency dealers across North America. Visit www.regency-fire.com to find a dealer near you! For more information or to request high-resolution photos for media use, please [contact us](#).
